

Judy is an owner and brewer at Checkerspot Brewing. A Certified Cicerone and longtime homebrewer, she is living the dream. She helped found Baltimore Beer Babes, a craft beer appreciation group bringing more women into the fold and is a proud member of the Pink Boots Society. She has a PhD in microbiology from The Johns Hopkins School of Public Health, so she isn't afraid of scientific side of brewing, but firmly believes that the creative side and understanding of the ingredients are just as important.
